

I subscribe to xm radio and find that the variety is outstanding. I can listen to almost any type of music, talk shows, news, weather and traffic information. The traffic information and weather has proven especially valuable to me on several occasions. I have a sister that lives, in Scottsdale, Arizona and friends in various parts of Alabama. I always rely on the traffic and weather when travelling. The Local Atlanta traffic information has proven very beneficial to me on several occasions. I urge the FCC to reject the NAB's petition 04-160. The Government does not need to be involved in this issue.
